NUNTIA

P. TOMAŽ MAVRIČ CM, IN TEFÉ

Amazonas - Brazil

From 12 to 15 May 2023, we had the pleasant visit of the Father Superior of the Congregation of the Mission, Fr.

of the mission, Fr Tomaž Mavrič CM, in Tefé Amazonas, Brazil. This visit was scheduled for 2020, which was not possible because of the pandemic; this time we were blessed by this visit and above all to feel the presence of St. Vincent de Paul and that peace that only a man of God can transmit.

He came to know our internal reality as well as the pastoral life of the Church in which we are present in the Abial neighbourhood of the city of Tefé, in fact a precarious place of the common goods of the municipality as well as of the state. In the same way, he was able to visit the mission area in Caiambé, the lake of Catuá, the river Solimones and the lake of Caiambé. They were days full of activities but it was really worth it, because the riverinhas communities were waiting for this great visit and so were we, missionaries of this vicariate.

It is gratifying to see the faithful so happy to see these events, as well as to go to celebrate the Holy Eucharist in an indigenous Kokama village and after the celebration that simple sharing with the people and families a fish broth with a typical meal typical of this region.

After visiting the communities and the two houses, we had a fraternal meeting with the bishop, reaffirming the permanence of our charism in these places.

This visit gives us much hope for this vicariate, because it is the request of Father General to the province of Fortaleza as well as to other provinces to respond with the permanence in this mission and to open a canonical house. So the projects are enormous and with the help of God and St. Vincent de Paul the congregation will be permeating its spirituality in this beloved Amazon.

We are still waiting for a new missionary so that the team will be made up of four confreres between the months of September or October to join the mission of Caiambé. For the moment we are still with Fathers Marcos Martins CM, Father Bonifácio dos Santos and Father Abel Cuetocué CM.

Father General arrived with the company of Father Severino CM from the province of Fortaleza, and Father Edmir CM from the province of Rio de Janeiro. We are very grateful for the passing of our successor to Father Tomaž Mavrič and we offer our prayers to him and to all the General Curia. God in the first place.

Frat, Abel Cuetocué Pardo CM

NEW DIRECTORS OF PROVINCIAL COMMUNICATION OFFICES

A LEAP INTO THE FUTURE OF COMMUNICATION

In the run-up to the V centenary of the Congregation of the Mission, for the first time, each Province of the Congregation now has a dedicated Director of Communication. This important development was announced by the Superior General, Tomaž Mavrič, CM, who confirmed each appointment through an official letter. The role of "Provincial Communications Director" was open to all: missionaries, lay people, men and women.

The decision to appoint a Communication Officer for each Province reflects the growing importance of digital communication in today's world. In an age where information spreads at breakneck speed and online interactions have become the norm, the Congregation of the Mission recognises the need to have a strong and coherent presence on the digital continent.

These communication officers, elected by the Province but confirmed by the Superior General, represent an important step forward for the Congregation. They will have the task of managing and coordinating the digital communication of their Province and interacting with the Congregation's Communications Office based at the Curia, which manages the official channels of the CM, thus ensuring that the message of the Vincentian charism reaches the widest possible audience.

This new role not only recognises the importance of digital communication, but also highlights the Congregation's commitment to ongoing formation and education. In this regard, the Congregation of the Mission has recently organised the 1st Meeting for New Directors.

The Congregation of the Mission has always stood out for its commitment to education and care for the needy. Today, this commitment also extends to the digital world.

The digitalisation of society is a growing phenomenon that permeates all spheres of daily life, including religion. Recognising the importance of this new means of communication, the Vincentian Missionaries have decided to invest in digital competencies, not only for themselves, but also for all those who recognise the Vincentian charism as a concrete life choice.

In this meeting, the Communication Office shared first of all the role of the new Directors and how to manage the communication with the General Office, while also offering the participants the necessary skills to better disseminate the contents of the Vincentian charism. Special attention was given to teaching techniques for writing optimised articles for the web and taking high quality photos, fundamental skills for effective social communication.

Writing for the web requires a specific set of skills. People tend to read differently online than they do on paper, so it is essential to know writing techniques that capture the reader's attention and facilitate comprehension of the content. During the course, participants learned how to structure an article, how to use keywords effectively to improve SEO (search engine optimisation) and how to make their texts more readable and attractive.

Quality photography is another key element of digital communication. A picture is worth a thousand words, especially in the context of social media, where eye-catching photos can greatly increase audience engagement. Therefore, participants learned the basics of digital photography to create images that effectively communicate their message.

This meeting not only provided participants with the technical skills needed to navigate the digital world, but also emphasised the importance of the message that is conveyed through these tools. As missionaries, the main goal is always to spread the word of God and help others. These new digital skills are not only a tool to reach more people, but also a way to make the message more powerful and attractive.

Congregation of the Mission
Communication Office

Digital literacy is a crucial step into the future for Vincentian Missionaries. With these new skills, they are prepared to face the challenges of the digital world and continue their mission of charity and education during the fifth centenary that awaits them. In an increasingly connected world, the Congregation of the Mission once again demonstrates its ability to adapt to change while keeping its commitment to the community alive.

Digital innovation is a great opportunity for the Congregation of the Mission. It offers new means to reach and engage people, to spread the Gospel and to broaden the impact of its charitable works. This digital literacy course is an important step in this direction, as it prepares the congregation and its faithful to take full advantage of the opportunities offered by the digital world.

The course provided a unique opportunity for learning and growth. It offered participants the possibility to develop new skills, but also to reflect on how to use them in the service of others.

The Congregation of the Mission thus continues its journey into the future, combining the wisdom and experience of tradition with the freshness and innovation of digital. This balance between past and future, between the human and the technological, between word and image, is the key to effective communication in today's world. And the Vincentian Missionaries, with their digital literacy course, are leading the way in this new era of religious communication.

CHINESE PROVINCE VISIT VIETNAM

How do you start changing the culture of vocation for consecrated life when for decades local vocation has been depressingly scarce? This question has been always a great challenge for confreres in Taiwan. With this question in mind, the Chinese Province organized a pilgrimage trip for confreres and lay people to Vietnam, a country where vocation to consecrated life is thriving, to understand and appreciate how vocation is formed.

Together with 20 lay people from different Vincentian parishes, fourteen confreres from Taiwan and one from China went to the southern part of Vietnam on May 3-10, 2023 to visit formation houses under the CM Vietnam Province and to other places of interests. Upon arrival on May 3, 2023, they immediately visited the formation house for Orientation Year students at the outskirts of Ho Chih Minh City. Students and formators gave warm welcome to the group by offering dinner and time for lively interaction. On May 4, 2023, they visited Durando Institute in Dalat City, a formation house for philosophy and theology students. They interacted with seminarians, join meals and visited different parts of the seminary to feel and understand better their life in the seminary. It was also an opportunity for confreres to meet personally three Vietnamese candidates being formed in Vietnam for the Chinese Province. On May 9, 2023, the group visited the novitiate house in Dong Nai and spent some time with novices and formators.

The trip to Vietnam was a revelation for most lay people as they realized the long and intricate process of forming vocation. Taiwan being heavily reliant on foreign missionaries for evangelization works has a weak culture for local vocation. With rapidly dwindling population and indifference to religion among young people, cultivating the culture of vocation has to start from us - missionaries and adult lay people. This exposure is just a small beginning yet a creative way of cultivating a culture of vocation among us. May God through His goodness let a seed of local vocation grows.

FIRST MEETING OF YOUNG MISSIONARIES OF THE CM OF PANAMA AND COSTA RICA

We gathered 14 young missionaries at the Colegio Seminario de San Vicente de Paúl in San José, Costa Rica, on 16 and 17 May 2023. We had the participation of 1 deacon, two students and 11 priests who work in these two countries. The Vice-Province of Costa Rica, the Region of Panama, the Province of Central America and a confrere from the Province of Colombia were represented.

On the first day we were accompanied by two professors of great human, pastoral, vocational and academic quality who presented the following topics:

1. Father Luis Fernando Calderón addressed us on the subject: administration of the goods of the Church and the organisation of parish management.
2. Father Manuel Chavarría animated us with the theme: The identity of the missionary ad gentes in a diocesan parish context.

Reflection on the Eucharist of the first day.

We share some inspirations that were given in the Eucharist:

1. This meeting encourages us to return to our sources. To situate myself with hope in the reality in which I find myself.
2. The importance of administering the resources of the church well, making audits and inventories. To know the canons on this subject. Remember the pillars of our vocation. Interacting with each other as a community makes it easier for us to cooperate with the Evangelising Mission.
3. Call to humility in the handling of finances. Level of awareness and responsibility that one is acquiring in the transparency of the management of goods. The parishes have lay professionals who support us or can support us in this good administration.
4. As CM we must administer the goods of the Church well.
5. In the curriculum of theology, we should take the subject of administration, economy and accounting in a professional way.
6. Consumerism versus investment, honesty and accountability.
7. Create with the parish community financial processes in relation to the pastoral work being carried out.
8. We need to be consistent in the relationship of prayer, Eucharist and healthy stewardship. I cannot be a man of prayer and a bad steward.
9. To transmit from our witness these themes: Why has the Spirit brought us together now? What does God propose to us young confreres in these contexts and in this meeting?
10. To be anti-Christian is to steal money from people of good will who support the work of evangelisation.
11. Let us be surprised by the Spirit and be united in doing his work.

Second day.

The prayer, sharing, reflection and community walk continued on the second day. The mood of the meeting was very positive and the opportunity to get to know, listen to and accompany each other was the reason for the desire to continue strengthening this process as a CM.

This first meeting has been very fruitful and we are grateful for all the effort made. We are very grateful for all the organisation and the spirit of hospitality we have received.

The young confreres suggest the following topics for future meetings:

1. Vincentian Spirituality and liturgy.
2. Criminal law.
3. Missionary charism and affectivity.
4. Administration of goods since the constitution of the CM.
5. Canon Law, Synodal meeting, breaking the mould of provincialism.
6. Financial and sexual scandals.
7. Parish circular economy
8. Pederasty.
9. Economics, parish administration and criminal law aspects of the administration and integration of the human dimension of the confreres.
10. Liturgy and sacraments.
11. Crime and penalties in Canon Law.

In synodal unity with the call of the General Assembly of the CM to revitalise the identity of the CM and with Pope Francis to guarantee the ethical nature in the management of the goods and resources of the Church. We with Faith in Jesus and Lord Vincent join this synodal, Samaritan and missionary church.

DIACONATE ORDINATION

Congo

On the 5th Sunday of Easter, Sunday 07 May 2023, 3 of our confreres were ordained deacons by Mgr Ernest NGBOKO, CICM, Metropolitan Archbishop of Mbandaka-Bikoro, at the Parish of the Holy Martyrs of Uganda in Mandaka. They are Brothers Ronsard MBOOBATA, CM, Daniel MBOYO, CM and Michel DJAMBU, CM.

Before this ordination, the confreres took part in the preparatory retreat preached by Father Pierre NGOMA, CM. At present, the three new deacons are finishing their licentiate in Theology at the University of St. Augustine in Kinshasa.

Un diácono "es un siervo de Dios que sirve a los demás con humildad", antes de instarles a comportarse de forma que muestren a la gente que son hombres de Dios. "Servir a los pobres y a los enfermos es la primera tarea de un diácono".

Obispo Ernest Ngboko.

PRIESTLY AND DIACONAL ORDINATIONS

Krakow

On 20 May 2023 in Krakow, four confreres of the Polish Province (Marcin Cyburt CM, Dawid Grabowski CM, Łukasz Mostowik CM and Karol Wójcik CM) were ordained priests and three were ordained deacons (Kamil Szczygielski CM, Łukasz Pokusa CM and Jakub Pikor CM). The liturgy was presided over by Mgr Robert Chrzęszcz, auxiliary bishop of the archdiocese of Kraków.

DIACONATE ORDINATION
OF JOSÉ ALEXANDER
PALACIOS

On Saturday, May 20, José Alexander Palacios's confreres, family, and friends congregated at The Basilica Shrine of Our Lady of the Miraculous Medal in Philadelphia, PA, to witness his diaconate ordination. This event marked the first ordination ever held at newly designated Basilica Shrine.

Bishop Alfonso Cabezas, CM, served as the ordaining celebrant. Numerous Vincentians, family members, friends, and members of the community joined the Bishop to partake in the joyous occasion of Alex's ordination.

In his homily, Bishop Cabezas emphasized that "to reign" implies "to serve," highlighting the role of a deacon as one who is sent forth to serve.

Reflecting on his discernment journey, Alex recounts how his initial inclination leaned more toward the sacrament of matrimony rather than holy orders. However, his curiosity about religious life deepened when he had the opportunity to attend a Vincentian seminary. It was during a vocation meeting at this seminary that he experienced a profound sense of belonging and communal life as a Vincentian seminarian. Shortly thereafter, he made the decision to join the Vincentians and embark on this path to priesthood.

15TH JUBILEE PILGRIMAGE TO BLESSED MARTHA WIECKA

On May 20-21, a jubilee pilgrimage to the Sanctuary of Blessed Marta Wiecka in Snyatyn took place. Despite the martial law, we managed to make the pilgrimage, but in a slightly different format. About 220 people took part in the pilgrimage: priests, sisters, clergy, parishioners who honor and love the Blessed, representatives of the Vincentian Family branches from different cities and regions of Ukraine.

The pilgrimage began on Saturday with the Holy Mass, which was led by the Visitor of the Vice-Province of SS. Cyril and Methodius Rev. Fr. Leonid Kuklyshyn, CM. The same day, sister Halyna Luptovych DC held a conference with a prayer vigil about the life and following of the ministry of Blessed Sister Marta by contemporaries. Listeners in Ukraine and around the world had the opportunity to join the vigil through the Catholic Radio Maria.

The next day, on Sunday, the solemn Holy Mass was broadcast on Radio Maria and the Catholic television of the Eternal Word (EWTN) Ukraine, so that everyone who could not come to Sniatyn could join the spiritually in prayer! Father Jan Trzop, CM, Superior of the parish of St. Anna from Mount Carmel, where the Sanctuary of the Blessed Marta is located, greeted all present pilgrims, parishioners and guests. The solemn Holy Mass was headed by the bishop-ordinary of the Kyiv-Zhytomyr Diocese in Ukraine, Father Vitalii Kryvytskyi SDB. All people prayed together for the victory of Ukraine in this terrible war, which was started by Russia against our country, for a fair peace and for all defenders, for victims and captives, for all the dead who gave their lives for our independence... During the sermon, Father Bishop Vitalii addressed attention of those present that "today we really need "Martas Wiecka" to serve in hospitals, families, to serve the needy... Marta Wiecka showed us a good example with her life and work ... an example of courage, mercy ... sacrifice for the sake of people close to us ...». In Sniatyn, since the very beginning of Russia's armed aggression, the faithful (parishioners...) have been gathering daily at 3:00 p.m. nearby the grave of Blessed Sister Marta Wiecka and have been praying for victory in the war, for destroying of evil, for all defenders... Everyone can spiritually join the joint prayer at this time.

After the Holy Mass, the relics of Blessed Marta Wiecka were honored and everyone in their hearts gave their worries, wishes, gratitude to our God through the "mother", as they called Blessed Sister Marta during her lifetime.

Thank God for good weather and the opportunity to celebrate this jubilee pilgrimage!

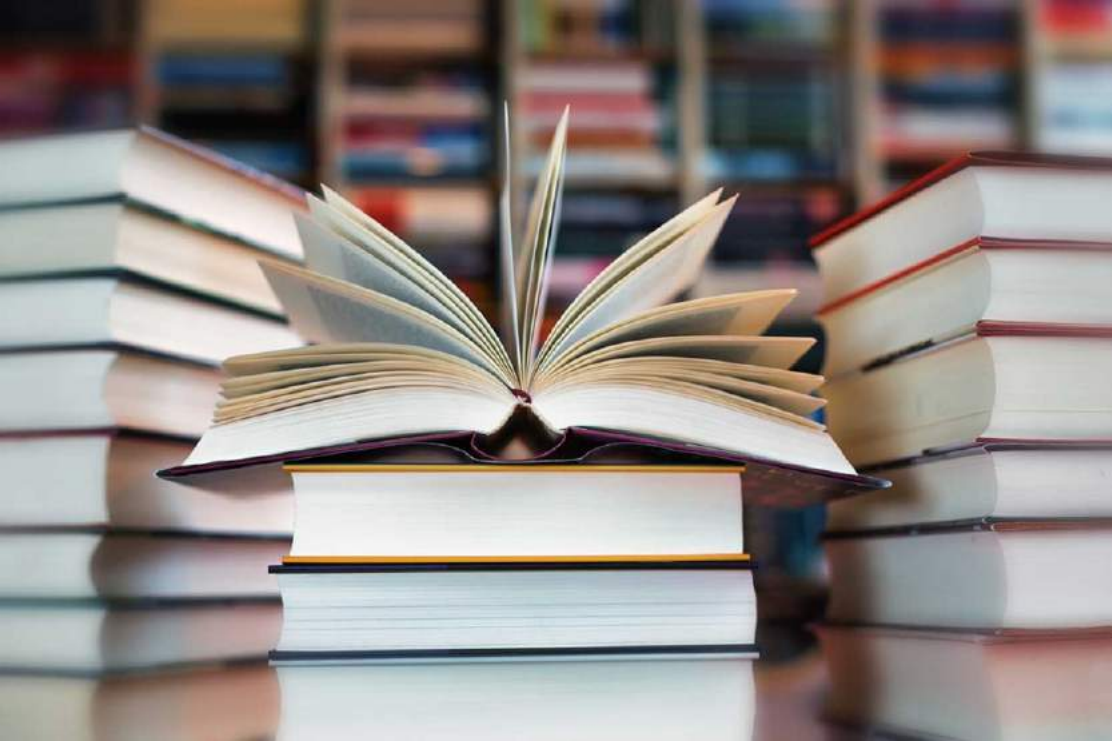

PRAYER

*O God, You have called Sister Marta Wiecka
to the Company of the Daughters of Charity,
so that following your Son she might serve the poor and the sick.*

*Faithful to your call
she walked the path of the Vincentian vocation
sacrificing herself entirely,
to the point of giving her life for her neighbour.*

*O my God, I glorify You
for all the gifts that You have given to Blessed Marta Wiecka.
I beseech You to manifest through her intercession
the power of your Love and grant me the grace...
which I ask of You with humility and trust,
if it is according to your holy will.
Through Christ our Lord. Amen.*

The Father Visitor of the Province of Congo, Father Justin Emene has just published a book entitled "Jeunesse Mariale Vincentienne en RDC". This book is intended for the formation of our young people to keep alive the Marian and Vincentian spirituality, to mark the Vincentian presence. Note that this book is the first structured way of presenting and giving the formation material to be given to the children and young people of VMY.

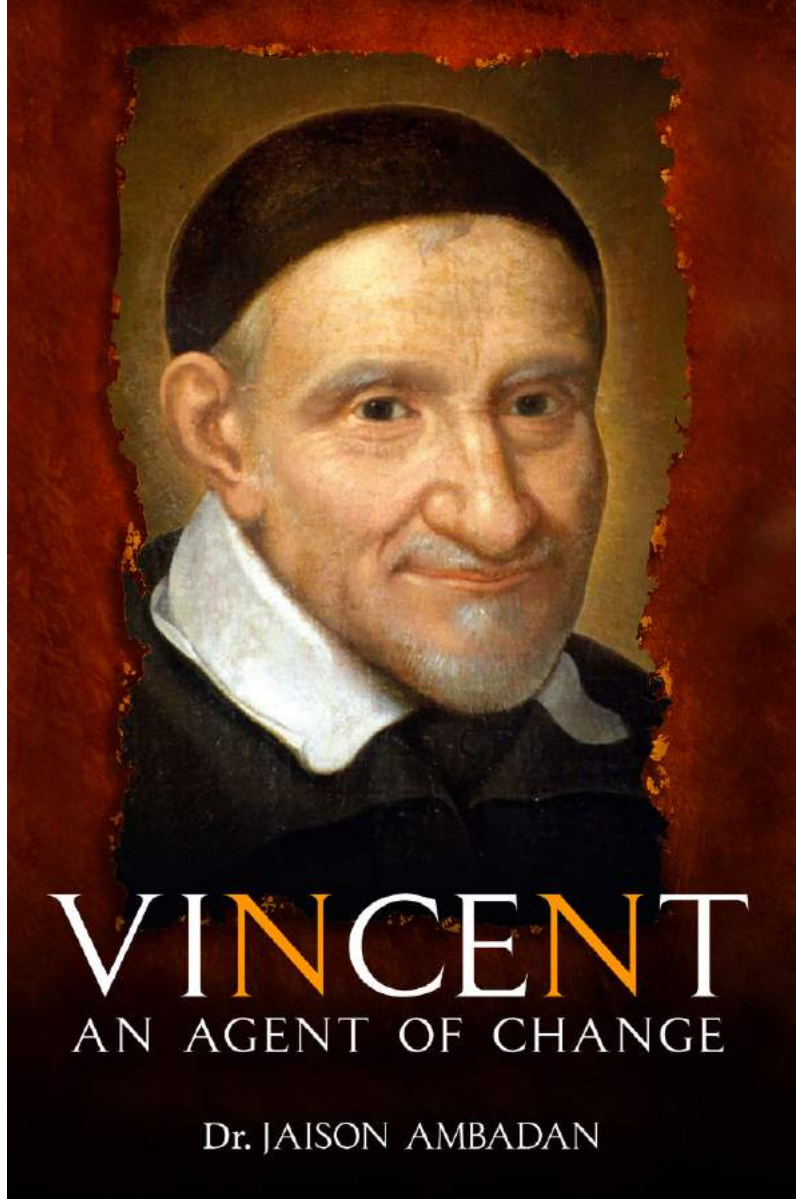

The prayer of Mary's true encounter with Jesus leads to contemplation and commitment to a more open charity.

charity. Catherine Labouré lived this prayer at the express request of the Virgin Mary in order to reach out to all humanity with this burning fire of charity, so that young people would be the true anchor of her mission. Without an integral formation that recovers young people from a working class background, humanity would be helpless. They need to know God and the Church in order to live fully the mystery of salvation.

It is up to catechists and youth workers to make good use of this manual, which takes into account the pastoral realities of the Church, which remains the only foundation, to help them serve the poor.

Since we only give what we have, a good formation will give the Church and society well-formed, prayerful, virtuous and servant young people.

VICENTE
AN AGENT OF CHANGE

Vincent de Paul is the founder of the Congregation of the Mission (C.M.) (also called Lazarists in France, Vincentians in English-speaking countries, Vinzentiner in German-speaking countries, Paules in Spain, and vicentinos in Latin America; but these are not officially registered names). He is primarily recognized for his charity and compassion for the poor, for his reform of the clergy, and for his early role in opposing Jansenism. Vincent's intention behind founding the C.M. was to preach missions to the peasantry, to evangelize the poor spiritually and materially, and to educate and train pastoral clergy. The foundation contract of the C.M. emphasizes the spiritual ministry more firmly than the material ministry. However, the C.M. is well known for its charitable activities, and Vincent de Paul is proclaimed by the catholic church 'the patron of all charitable societies'.
